

1. If you are new to the CRA pre-registration shopping cart, you will need to set up your account. You can do this by clicking the “create account” link in the upper right hand part of the home page.
2. If you are returning to the CRA pre-registration shopping cart, you can simply click “login” in the upper right hand part of the home page.
3. Once logged in, you may make your race/accessory selections. There is a menu on the left hand side of the screen for your selections. The items that are displayed are those items that are available for the current upcoming weekend. If there are not options available, then they are not on the weekend schedule.
4. There are a few menu options that will display a second menu: For instance, as shown, hovering on the “Sprints” category will Give you the choices of “Supersport, Superbike, Grand Prix, or Specialty”

5. When you choose your category, you will come to a list of all of the products in that category. Here, you can choose the “buy now” option for the quick way to add the items to your cart. When you click the “buy now” button, item(s) will not show in your cart (on the right hand of your screen) until you click to view your cart or you change categories. If you click “buy now” multiple times, it will put that quantity in your cart. **ONLY CLICK ONCE!**

6. Please remember if you are registering more than one bike, you must fill out the bike identifier for each race.

#### Middleweight Supersport - Novice

The bike identifier selection can be found under “extras”. You must click on the link to fill out the Information. Select the bike identifier (ie: #1, #2, and so on) and then complete the information below to identify make, model and displacement. Once completed, click the “continue” button.
